Hi Milo,

One more thing, if you could create a zoomed version of the map you already created with the WTPs, Phase III boundary, and landfills zoomed on the Phase III boundary area, including the plant area in West Virginia, that would be great. I know it will not have the PFOA on it yet, but it would be helpful if it is easy to do. If it is time intensive, let me see if the consultant will send the PFOA data tomorrow.

Thank you,
Jenny
